| Tasks                    | Marks Range | Criteria  | Your Score |
|--------------------------|-------------|---|------------|
| <b>Task 1</b>            | 21-25       | You comprehensively draw an ERD which fully reflects the requirements of the case.            |            |
|                          | 16-20       | You draw an ERD which mainly reflects the requirements of the case.                           |            |
|                          | 11-15       | You draw an ERD which partially reflects the requirements of the case.                        |            |
|                          | 0-10        | You do not reasonably draw an ERD.  |            |
| <b>Task 1 Total Mark</b> |             |   | <b>/25</b> |
| <b>Task 2</b>            | 21-25       | You design tables which fully reflect the needs of the case.                                  |            |
|                          | 16-20       | You design tables which mainly reflect the needs of the case.                                 |            |
|                          | 11-15       | You design tables which partially reflect the needs of the case.                              |            |
|                          | 0-10        | You design tables which do not reflect the needs of the case.                                 |            |
| <b>Task 2 Total Mark</b> |             |   | <b>/25</b> |
| <b>Task 3</b>            | 16-20       | You create a fully normalized 3NF table which fully reflects the requirement of the case.     |            |
|                          | 11-15       | You create a fully normalized 3NF table which mainly reflects the requirement of the case.    |            |
|                          | 06-10       | You create a fully normalized 3NF table which partially reflects the requirement of the case. |            |
|                          | 0-05        | You create a fully normalized 3NF table which does not reflect the requirement of the case.   |            |
| <b>Task 3 Total Mark</b> |             |   | <b>/20</b> |
| <b>Task 4</b>            | 16-20       | You suggest ways which fully reflect the requirement of the case.                             |            |
|                          | 11-15       | You suggest ways which mainly reflect the requirement of the case.                            |            |
|                          | 06-10       | You suggest ways which partially reflect the requirement of the case.                         |            |
|                          | 0-05        | You suggest ways which do not reflect the requirement of the case.                            |            |
| <b>Task 4 Total Mark</b> |             |   | <b>/20</b> |
| <b>Task 5</b>            | 0-10        | Presentation (cover sheet, clarity, and professionalism).                                     |            |
| <b>Task 5 Total Mark</b> |             |   | <b>/10</b> |

**Comments:**

|                         |             |
|-------------------------|-------------|
|                         |             |
| <b>Final Total Mark</b> | <b>/100</b> |
